ADITI SAWANT

Software Engineer | MERN | DSA in Python

I am a driven and innovative software developer with expertise in full-stack web development, focusing on the MERN stack (MongoDB, Express, React, Node.js), and strong skills in HTML, CSS, and JavaScript. I am passionate about creating scalable, user-friendly solutions and am currently building my knowledge in Data Structures and Algorithms (DSA) using Python to enhance my problem-solving abilities. Committed to growth, I aim to contribute to impactful projects in the tech industry.
